

## Smart and fast: No frills.

P-4021 MFP • P-4026w MFP • P-4027iw MFP

Modern offices require modern systems. The appearance of the new P-4021 MFP, P-4026w MFP, and P-4027iw MFP multifunctional systems already fulfils this requirement. The systems are characterised by an overall clear design and clarity in detail. With a print speed of 40 A4 pages per minute, they are the ideal companions for everyday work. What's more, the numerous innovations for safety, environment, and efficiency that they offer are impressive. Modern office systems for cost-conscious users with high print volumes and high security requirements.

### What you can expect:

**CAPTURE OPERATIONS MADE EASY:** You can concentrate on more important things while the MFP processes your documents reliably and quickly, thanks to a wide range of scanning features such as Multi Crop and ID Card Copy. The devices can scan up to 80 pages per minute, enabling you to power through and quickly digitalise even large stacks of paper. The dual scanner included as standard enables gentle scanning of double-sided documents in a single pass, so your originals remain intact.

**PERFECTION OF PROTECTION:** Our multifunctional systems are equipped with various security protocols and technologies, including the Trusted Platform Module (TPM)\*, Transport Layer Security 1.3 (TLS 1.3), and Allowlisting, to reliably protect your data. The option of connecting a card reader allows contactless authentication and offers additional protection from the very first time you use the panel.

**ENVIRONMENTALLY FRIENDLY:** The heating elements use less energy to complete the printing process, thanks to the reduced melting temperature of the toner. This reduces energy consumption and saves costs. During production, special attention was given to using recycled plastic both on the inside and outside of the product in order to provide greater sustainability.

**REVAMPED APPEARANCE:** Modern, compact and user-friendly: this is how our innovative multifunctional systems present themselves, emphasised by the black document feeder and the display's new user interface. Print jobs can be managed and sent off even more efficiently thanks to a wide range of selection options and a numeric keypad (P-4021 MFP and P-4026w MFP) or a touchscreen display in bright colours with clear icons (P-4027iw MFP).
