

It might just print, but it does it better than many others.

P-C2651DW

The P-C2651DW is a true high-performance colour printer! With its colour power, it conjures up brilliant prints in vivid colours that bring every document to life. This printer turns everything into a work of art, whether advertising materials, presentations or photos! And the best thing of all: It's lightening fast with a print speed of 26 A4 pages per minute! No need to worry about large print jobs; the P-C2651DW can handle any task with ease and always delivers top results!

HIGHLIGHTS:

WORK MORE EFFICIENTLY: The P-C2651DW colour printer offers you even more efficient working thanks to the use of the fast 5 GHz Wi-Fi (country-specific). Use the time you gain for other important things while working in the office. A new controller system means that performance has also been significantly improved.

SECURE AND INTELLIGENT: The security technologies of this system guarantee the best possible protection of your data. Features such as the Trusted Platform Module (TPM)*, Transport Layer Security 1.3 (TLS 1.3) and Allowlisting reliably encrypt and protect your data. Meaning that you can concentrate on your work and are always on the safe side.

CUSTOMISED PRINTING: Contactless printing not only increases efficiency, but also security in everyday work situations. Users have access to their own documents only, which means they can work efficiently, quickly, and securely.

MODERN OPERATION: The compact printer's touchscreen display significantly improves ease of use. With just one touch, you can send your print jobs and customise the panel to speed up your tasks and work comfortably. Private printing is triggered even more reliably by the touchscreen display.
